

FOR IMMEDIATE RELEASE - HISTORY PROGRAM
“Restoration of the Kona Farm Barn Tower Clock”

MOULTONBOROUGH LIBRARY
WEDNESDAY, November 18th, 7 PM

The Moultonborough Heritage Commission will present a program on the recent restoration of the Kona Farm barn tower clock on Wednesday, November 18th at 7 PM at the Moultonborough Public Library. This event is free and open to the public.

For the Heritage Commission’s new Community Landmarks Series, David Livingston of Laconia will speak on his restoration of the 1905 E. Howard Company striking tower clock formerly in the Kona Farm barn on Moultonborough Neck. Dr. Livingston will discuss the history and significance of the E. Howard Company of Boston, and show images of other Howard tower clocks in the Lakes Region. Most tower clocks were installed in churches, stations, and municipal buildings, and only a limited number in country estate stables or barns such as the one at Kona Farm. The Community Landmarks Series is intended to promote the recognition and appreciation of significant historical and cultural resources in the Town of Moultonborough.

The Moultonborough Library is located at the intersection of Routes 25 and 109 in Moultonborough village (603 / 476-8895). For more information, see www.moultonborough.org or www.moultonboroughlibrary.org.
